

Each of you  
give us one  
internet  
safety tip!

Do not download any new programs  
without first checking with your parent

Yes.  
But first..

Daddy!  
Can I use the  
computer now?

Remember never  
give your real name.

I know the  
internet safety  
rules.

If you find something  
on the Internet that  
makes you feel  
uncomfortable, show  
your parents right away.  
Never enter a site  
that says it is for  
adults only.

Dad!  
Something  
weird just  
popped up!

Okay, it's all  
fixed. Just let  
know if anything  
else weird pop

Set up rules for the amount of time  
you will be  
allowed on.

You going to  
be much longer?

I have 5 more minutes

Never arrange a meeting with someone  
you chat with unless you have asked  
your parents first.

Make sure you  
meet in a public  
place and you bring  
one of your parents  
along.
